Project Background and Purpose

This book is to aid members with the long term process of living clean and walking through life on life's terms. The project plan for this book-length piece was adopted at WSC 2008 but has been an item on the "literature wish list" since 1983.

This book will allow us to include many of the ideas gathered from the fellowship over the years regarding new literature. While *Living Clean* will not be able to capture all of the ideas submitted, it will touch on relationships, spirituality, living with success, dealing with challenges, health/illness, practicing principles in our daily lives, etc.

Opportunities for Involvement by the Fellowship

To comment on these drafts use one of the methods outlined below:

There is a discussion board that is open to members of the fellowship. The link is: <http://naws.org/lc/index.php> This discussion board is open to any NA member.

Members can also send input via email to: LivingClean@na.org or to our regular postal address: World Board ATTN Living Clean, 19737 Nordhoff Place, Chatsworth, CA 91311.

To help with holding workshops in your community the webpage has a review and input session profile that can be adapted for local use. This offers discussion questions to help members when supplying input.

Final review and input period: 1 October to 31 December 2010

The approval form of the book will be released in April 2011 and voted on at the 2012 World Service Conference
